<b>The right employer. The right talent. The right training.</b>	
<b>Creates new opportunities</b>	The Going PRO Talent Fund works with job providers to determine which skills are essential for growing staff capacity and business models. New opportunities lead to local prosperity, support of new innovations, increased long-term productivity, added jobs, and economic boosts for communities.
<b>Is the Going Pro Talent Fund right for my needs?</b>	Any private or non-profit business may apply. Applicant must demonstrate need for training that will allow it to compete, expand, and positively contribute to the state/local economy.
<b>Customized Trainings</b>	Going Pro Talent Fund training should lead to a credential for a skill that is both transferable and capable of resulting in new or continuing full-time permanent employment. Classroom training, distance learning, on-site training, as well as apprenticeships may be suitable learning opportunities.
