

5TH ST. FIRE SITE CALUMET, MI

HOUGHTON COUNTY LAND BANK PROPERTY

108, 112, & 120 5th Street were once homes to three historic structures that were destroyed by a fire in 2021. Assistance from the Environmental Protection Agency (EPA) and Michigan Department of Environment, Great Lakes, and Energy (EGLE) allowed for complete site clean-up. In 2024 the balance of the foundations were removed and a new water line was brought to the site. This is a Brownfield site due to dry cleaning tanks found at the northeast corner of this site, which have been removed.
