

# MIOsha Training Registration Form

## Machine Guarding and Hazard Identification

**Led by Tim Melko**  
MIOsha Construction  
Occupational Safety Consultant

### What You'll Learn...

This course is designed for general industry participants, (maintenance, safety and health professionals, and management personnel). This course familiarizes the participant with various types of common machinery and the related safety hazards. The course enables participants to recognize hazards such as those created by nip points pinch points, points of operations, and rotating or reciprocating parts, while providing options for achieving regulatory compliance.
