

**Led by Aaron Gundrum**

# Asbestos & Lead Awareness Training Registration Form

**FREE OFFERING! LIMITED TO 25 PARTICIPANTS!**

## What You'll Learn...

Construction trades routinely renovate and demolish buildings that were built prior to 1981. These activities often pose a health risk by exposing employees to asbestos-containing materials (ACM) or presumed asbestos-containing materials (PACM). General industry employees are also subject to asbestos exposure, rules and regulations. Asbestos awareness training is for general industry and construction employees; whose work activities may contact but do not disturb ACM or PACM.

Lead is also found in both general industry and in construction. Many construction activities can disturb lead; such as building demolition, alteration, renovation, repair, and/or painting. This combined awareness training course consists of information regarding asbestos and lead in their various forms and uses. Training also includes information on the health effects associated with asbestos and/or lead exposure.

## Program Details...

Date:	Tuesday, July 14, 2026	Time:	Check-in - 7:30 am Program - 8:00 am to 12:00 pm
Location:	Skyline Commons (formerly the Jutila Center) 200 Michigan Street Hancock, MI 49930	Deadline:	Friday, July 10 <sup>th</sup> , 2026
