VIRTUAL OFFERING

Supervisors Role in Safety & Health

Led by Nell Allen

Senior Construction Occupational Safety Consultant

What You'll Learn...

This course is designed for both general industry and construction first line supervision, safety and health committee members, and management personnel. Topics covered include employee safety and health training, accident investigation, hazard recognition, and self-inspection techniques. This course gives tips to supervision on methods to integrate health and safety into their daily duties and responsibilities. Using MIOSHA General Industry and Construction standards and required written programs as a baseline, supervisors are given suggestions to improve their safety and health hazard recognition skills.
